Selectmen's Meeting

SEPTEMBER 18, 1984 - by VIRGINIA ARRAL

EMTs HONORED DURING EMT SERVICE WEEK

Five Mattapoisett EMTs were honored last Tuesday when Selectmen proclaimed the week of September 16-22 as Emergency Medical Services Week. Those honored were Penny Hiller, Jack Macedo, Lewis Bertram, Arthur Braley and Mary Lyons.

Lt. James Santos of the Mattapoisett Police Department has been in charge of EMT training and was present at the ceremony. He noted the caliber of EMTs in Mattapoisett "is the best in the state".

Selectmen Chairman John N. DeCosta, in making the presentation, said, "We want to honor the EMTs in our town who give so much. We are very appreciative of their work." The board especially thanked Lt. Santos for the time he has put into the training.

Selectman Frank M. Suzan thanked the EMTs personally and felt that he was speaking for everyone in town "considering the many super letters we have received expressing appreciation for the EMTs' help".

In other business, Selectmen:

Heath wrote that it has been very gratifying to serve the town in various capacities in the past 35 years.

Tips For Better Kerosene Heater Performance

- *Fuel:* Use water clear 1-K kerosene only. Other grades are higher in sulfur and burn dirtier. Kerosene stored through the spring and summer becomes impure with age and should be replaced each season.
- *Wick:* Don't buy generic replacements unless they meet exact manufacturer's specifications.

Selectmen plan to issue Heath a certificate of appreciation in recognition of "a man we hate to lose - one who has been good for the town - one who has contributed so much."

Chairman DeCosta said no permanent appointment will be made at this time, until a decision of the state legislature to take plumbing inspectors out of Civil Service is reached. He noted the bill is going through the first committee.

The board will advertise for someone to serve as plumbing inspector temporarily until the decision is announced.

DeCosta said there is no major damage, but only a few boulders and a wet depressed area which is normal for the area. RECEIVED a copy of a letter sent to Phillip Moynihan of the American Red Cross from Mary Jane Rimmer-Doherty, EMT instructor, regarding the certification of Paul M. Kelley, Jr. It was noted with no comment.

The letter reads, in part: "I am expressing great concern that such an error occurred in the issuance of Kelley's training certificates, one being inadequate (Standard American Red Cross First Aid and Personal Safety Course, effective June 9, 1983) and a second one being more than adequate to satisfy First Responder Laws (Advanced First Aid and Emergency Care Course) particularly since the course completion dates, training facility and primary instructors were all identical." (Ralph Brown of the Massachusetts Maritime Academy)

"Kelly adamantly refuses to surrender the hand-delivered original memorandum from Mr. Brown as well as his original training certificates for either course to verify the accuracy of same. (He submitted to Doherty and Fire Chief Donald Wood Xerox copies)."

"It is my request that the American Red Cross, as the official sponsor of Kelley's training clarify through your office records, which course (or courses) Kelley is certified under, be it Standard First Aid and Personal Safety, Advanced First Aid and Emergency Care, or both, which certainly have been unnecessary to satisfy First Responder training laws.

"It is imperative that our Personnel records reflect accuracy to satisfy both the needs of our Town and the Massachusetts General Laws regarding First Responder Training."

well in portraiture, photography, sculpture, film? Is this sensitivity intuitive to women only?

These and other questions will be discussed in this year's topic: "A Woman Views Her World" for the Fine Arts Group of the Mattapoisett Woman's Club. Through a presentation of slides, prints, photos, magazine articles, and a guest artist to direct the discussion, we will examine landscapes, seascapes, portraiture by local as well as nationally recognized women artists. Everyone is encouraged to share an opinion, an observation, an idea or example in an open discussion of the subject.

Flowers are the topic of the first meeting and members are asked to bring with them any floral work of art. The guest speaker is award-winning artist, Joan DeRugeris, who for many years has explored with watercolors the design and texture of forms found in nature. Best known for her highly detailed florals, she took her degree in textile design at the State University of N.Y. Her paintings have been widely exhibited on the east coast. The first meeting will be held Monday, October 1st, at 7:30 p.m. at the home of the chairman, H. Elayne Sama, 97 Olde Knoll Road, Marion. Call 748-0886 for further information.

CRAFTS GROUP

The Crafts Group will meet at the home of Betty Lou Morris on Monday, October 1st, at 9:00 a.m.

We will launch right into Christmas preparations with tin ornaments. Please bring a hammer, an awl and some old scissors.

Some of the exciting things we plan for the coming months are stenciling, basket making, wreaths, and shell decorating. We welcome your suggestions and ideas to make this a creative and rewarding craft season.

Dollars for Scholars

PLANS PHONE-A-THON

The major fund-raiser for the MMR Tri-Town Dollars for Scholars Chapter will be held on the weekend of October 13-14. MMR will sponsor its first Phone-a-Thon from the hours of 10-7 on Saturday and 12-6 on Sunday. Adult and student volunteers will be calling residents of Marion, Mattapoisett, and Rochester to solicit donations for the tri-town scholarship program. A mailer will be sent to all those wishing to contribute. The Phone-a-Thon is being coordinated by Kathy Gayoski of Rochester. Anyone wishing to work on the event may contact Mrs. Gayoski or Susan Hottel in Mattapoisett.

In 1983 Dollars for Scholars awarded $15,100 to seniors graduating from Bishop Stang, Old Colony, Tabor Academy and Old Rochester Regional. In 1984 a total of $17,700 was awarded to twenty-eight high school seniors, eight college students, and one re-entry student. In 1985 the Board of Trustees hopes to surpass the previous years' awards. This goal can only be achieved if the community lends

its support. For the past two years the tri-town area has willingly supported all Dollars for Scholars activities which in turn has supported the education of young people. When the Dollars for Scholars representative calls on October 13 or 14, hopefully that support will still be there.

During the summer the MMR Board of Trustees has added two new members from Mattapoisett. They are Tony Rapoza and Barbara Gracia. Mrs. Gracia will serve as recording secretary of the Board. At the September board meeting David Perkins resigned as advisor to the Student Group but will remain on the board. Peter Foster of Mattapoisett will replace Perkins as student advisor. The board also voted to name a 1985 scholarship in honor of David S. Hagen. Hagen retired as principal of Old Rochester Regional in August after a long career as an educator. The board expressed its appreciation to Hagen for the concern and time he has given to the young people in the tri-town area.

Don't forget the 1984 Dollars for Scholars cup plate, depicting the Tabor Boy, is available at The Sitting Duck in Marion and Seaport Pharmacy in Mattapoisett. This cup plate is the second in a series of six being produced by Pairpoint Glass. A limited number of the first plate (Ned's Point) is also still available.

a.m. in the cafeteria.

"Students take the PSAT/NMSQT for several reasons," said the local guidance official. "The PSAT/NMSQT is the qualifying exam for students wishing to participate in competitions of the National Merit Scholarship Corporation. Students also want to find out how they rank among their peers taking the test in other parts of the country."

The test also provides an opportunity to become familiar with types of questions similar to those on the Scholastic Aptitude Test, which many college-bound students take. In addition, the test is the first step in qualifying for the National Hispanic Scholar Awards Program, conducted by the College Board under a $2.1 million grant from the Andrew W. Mellon Foundation.

Before taking the PSAT/NMSQT students receive a Student Bulletin containing a complete practice test with an answer key and scoring instructions. After the test they receive a booklet, About Your PSAT/NMSQT Scores, that helps them to interpret their test results and plan for college.

Particularly helpful for students is the Report of Student Answers, which includes the correct answers and their own responses and scores. They also receive their own test booklets so they can review the actual questions, see the ones they got wrong, and try to figure out the correct answer and why they have missed it.

The College Board also provides other services that enable counselors and other school personnel to better understand and interpret the test results to students and parents. These services include school summaries of students' answers, profiles of the academic characteristics and career interests of students taking the test, and a special publication for use with students as part of a general guidance program.

Students will be able to sign up in the ORR Guidance Office this week. The cost will be $5.25 and must be received before October 12, 1984.

BLESSING OF ANIMALS

The Blessing of the Animals will take place at the Church of the Good Shepherd on Sunday, September 30th, at the 10:00 a.m. Eucharist. This annual custom which falls on a Sunday near to the feast of St. Francis of Assisi provides an opportunity to ask God's blessing upon His creatures and to give thanks to God who reveals Himself through them. The animals may be brought to the Church and kept in the Parish Hall or outside until they are led into the church for their blessing. During the Blessing of the Animals the congregation will sing the familiar hymn, "All Things Bright and Beautiful". All members of the community are invited to come to the Church of the Good Shepherd and to bring their pets for the blessing.

"As we enter our 3rd season, the confidence and energy here is higher than ever before," states Managing Director Dan Kirsch. "And with good reason. We have carefully selected a line-up of entertainment we feel people will truly enjoy." The performing arts schedule is as follows: Man of La Mancha, September 25-30; A Midsummer Night's Dream, October 14; Dizzy Gillespie, October 21; Robert J. Lurtsema, October 28; Stars and Songs, November 4; Elisa Monte Dance Company, November 12; A Christmas Carol, December 1 and 2; The Nutcracker, December 14-16; New Year's Eve Celebration, December 31; Prague Symphony Orchestra, January 21; James Barbagallo, February 4; Hansel and Gretel Ballet, February 15-16; The Chieftains, March 9; Vienna Choir Boys, March 21; Cotton Patch Gospel, April 14; The Three Musketeers, April 23.

"It's a very vibrant, active time for the theatre. Our corporate sponsorship program is playing a key role in boosting the theatre into what we believe will be our most successful season to date," added Kirsch.

Early in the summer the Zeiterion announced that four area businesses had rallied behind the theatre for the upcoming 84/85 season. Merrill Lynch, initiator of the corporate series sponsorship program, is hosting the Merrill Lynch International Series featuring A Midsummer Night's Dream, The Prague Symphony Orchestra, and The Vienna Choir Boys. Jazz great Dizzy Gillespie is being sponsored by Freestone's Restaurant. Entre Computer Center is presenting Stars and Songs, The Chieftains, and The Three Musketeers. And Silverstein's Family Store is sponsoring the Silverstein's Holiday Series, which features A Christmas Carol, The Nutcracker and a New Year's Eve celebration.

The Zeiterion will continue to present a very active children's program consisting of a Saturday Series and a Theatre Festival for area schools.

barrier which for most of us prevents our observing life along our shores. Salt water aquaria with animals and plants from our region allow us to observe sea life and also to enjoy the beauty of our local organisms. This workshop will include laboratory instruction on the set-up of aquaria and an introduction to life along the coast. Instructional materials are included in the registration fee. Additional reference materials are available for purchase at the Center.

The workshop is divided into three segments: the introductory lab session, a collecting session and a practicum of aquaria set-up. The feeding and care of aquarium animals will be reviewed in addition to required collecting permits.

wide celebration of our valuable fresh and salt water shoreline resources. Following the 1980 Year of the Coast celebration, COASTWEEK encourages a broad network of organizations and individuals to focus attention on these resources through activities which help to increase public awareness of coastal issues and ecology. As conflicting interests continue to put increased pressure on coastal areas, the importance of careful, informed planning and management becomes more urgent.

The Lloyd Center invites the public to participate in our COASTWEEK '84 celebration. We have a range of programs, both informative and fun, planned throughout the week:

Celebrate the start of COASTWEEK by spending Sunday, October 7, 10-4, canoeing the Slocum River. River life changes with the seasons; we'll be looking for these changes in addition to simply appreciating our coastal resources. Pre-registration is required.

On Friday, October 12, 7:30 p.m. at the Dartmouth Middle School, there will be a showing of "The Return of the Osprey", a recently-produced film which documents the recovery of Osprey populations in the coastal northeast.

On Monday, October 8, and Sunday, October 14, the Center will be offering a series of Coast Walks to dunes, salt marsh, and rocky coast habitats. Please call for walk times, and for additional information.

To close out COASTWEEK '84 the Lloyd Center invites the public to an Open House all day Sunday, October 14. We invite everyone to take the time to visit the coast and be reminded what a valuable resource it is.

For additional information on Lloyd Center upcoming events please call the Center at 990-0505.

POSTER EXHIBIT ABOUT THE COAST

As part of its recognition of Coastweek '84, a nationwide celebration of shoreline resources from October 7-14, the Lloyd Center for Environmental Studies announces a poster exhibit open to all school students in southeastern Massachusetts. Any student in grades 1 through 12 is invited to prepare a poster, no larger than 18" x 24", ad-

Sponsored by the SMU Alumni Association, the race will be a highlight of the annual alumni weekend, October 12-14.

There will be two races: a 10-kilometer (6.2 mile) race starting on campus and returning, and a 1.8-mile fun run around a loop of the campus's ring road.

Prizes for the 10-kilometer race for men and women will be awarded in five categories: for racers 19 years and under, ages 20-29, 30-39, 40-49, and 50 and over. Winners in the fun run will also receive prizes. The public is encouraged to participate in both races.

Special classes of entries will be set up for returning alumni and for various student organizations at SMU. Another special group in the 10-kilometer race will comprise former SMU varsity runners, some of whom were All-Americans. Bob Dowd, SMU's assistant athletic director and cross country and track coach, is arranging their return.

The professor in whose honor the races will be run was a dedicated teacher who would "put in endless hours after class, without compensation, in tutoring and helping 'straggling' students to obtain their degrees on commencement day," according to James A. Flanagan, SMU director of placement and co-chairman of the Fenaux Road Race Committee, who was a longtime colleague of Fenaux.

Again with no extra compensation, "Louie" also helped out in library work, contributed much of himself to alumni affairs, and played a helpful role on the school's athletic scene.

When, in preparation for certification to award the bachelor's degree, New Bedford Tech needed to organize the hundreds of unlabeled and unindexed periodicals stored in closets around the building, Fenaux volunteered to do it. He spent two summer vacations and many weekends and evenings at the task.

He worked hard for the success of alumni reunions, often serving as treasurer of the finance committee and manning the ticket

Plymouth County Wildlands Trust

The beauty of early autumn wildflowers will be a highlight of a guided walk being sponsored by the Plymouth County Wildlands Trust on Saturday, September 29th, at 9:30 a.m. The public is invited to join the free walk at the 232-acre West Shore Preserve at Halfway Pond in Plymouth, one of PCWT's largest and most interesting natural area preserves. Bruce Sorrie, Program Botanist with the Mass. Natural Heritage Program and a Director of PCWT, will lead the trip through the pine barrens and pine-oak woods of the preserve. A spring-fed brook and swamp within the preserve empty into Halfway Pond and add to the diversity of the area. The trail, which is about 1 3/4 miles, was recently opened by PCWT with the assistance of a grant from the Old Colony Natural History Society. The walk will end by lunchtime but participants may wish to bring a beverage or snack. For more information and directions, or if the weather is questionable on September 29th, call 224-3587, 826-5050, or 224-2765.
